About Me

I am a focused and active person with great initiative. I enjoy and get satisfaction from completeing tasks and using knowledge I have. I love to learn new things and meet new people. I work well in teams and leading to achieve goals.

My performance is always oriented to the execution and achievement of results in the tasks that can be assigned to me.

I'm a committed person with work therefore, I would like to be considered and have the chance to collaborate in your business.
